recommend PERDRIAU GARDEN Watershed Hose, 11d. foot. Guaranteed 3 Years.

RANUNCULUS

LOCAL and ACCLIMATISED

which means that all the bulbs grow—therefore preferable to the imported line, the growth of which is always unsatisfactory.

A wonderful assortment of all Colors and Varieties

RANUNCULUS

Wonderful offer of different types of these important bulbs, embracing an endless variety of colors. Excellent for massing and in beds or borders the effect is gorgeous. Plant the bulbs 4 to 6 inches apart, **claws downwards,** covering with one inch of light soil.

Above are extra good bulbs, and highly recommended.

Perdriau "Watershed" Garden Hose, guaranteed 3 years, half-inch 11d., three-quarter inch 1/3 foot. Freight extra.

The Wonderful St. Brigid

ANEMONES

Local and Acclimatised Bulbs

Easily the finest strain in the world. Produces quantities of large graceful paeony-like flowers of most exquisite shades.

These bulbs being locally saved, are more satisfactory than the imported line, as every bulb grows.

Few floral sights can compare with a bed of **St. Brigid Anemones.** Extra good for cutting, and they last well in water.

We specialise in this line, and the blooms shown in our windows clearly proved their vast superiority.

Plant the bulbs now in well drained bed—plenty of well-decayed manure (cow for preference) is very beneficial. They are extremely hardy, and will thrive in any part of Australia.

Plant 4 to 6 inches apart and about 1 inch under the ground.

Price 1/6 doz., 10/- 100. Post Free.

ST. BRIGID ANEMONE

ALSO

ANEMONE CHINENSIS

Comprises almost every shade of color from nearly White to Dark Purple. Makes a delightful border to the ST. BRIGIDS
